The Tooled Up library is already packed with almost 350 evidence-based resources, including interviews with over 80 leading experts from around the world. But, it's your library and we want to know how else we can help you? What new resources would you like to see? Which ones do you love? What could we do better? We always value your feedback and want to ensure that we are giving you the resources that you need. Email us at [re-search@tooledupeducation.com](mailto:research@tooledupeducation.com) to let us know how we are doing!

Do you have any burning parenting questions?

Here's what our new Year 4 think about their year so far...

I love everything because it's all so fun and exciting, but my most favourite subject is Art because I love crafting and sketching.

I am enjoying being challenged more in English lessons.

I enjoyed going on our trip to the Yorkshire sculpture park because it was fun and it was fascinating. Also it was fun building our own sculptures.

I like the Yorkshire Sculpture Park, the Buddha sculpture and the activities.

I like the school already because I like micro bits and the climbing wall.

My favourite part of Year 4 so far is going to the Yorkshire Sculpture Park - seeing sculptures and learning about sculpture.

I enjoy doing clubs after school and at lunch time.

I love to write, there are lots of opportunities to write.

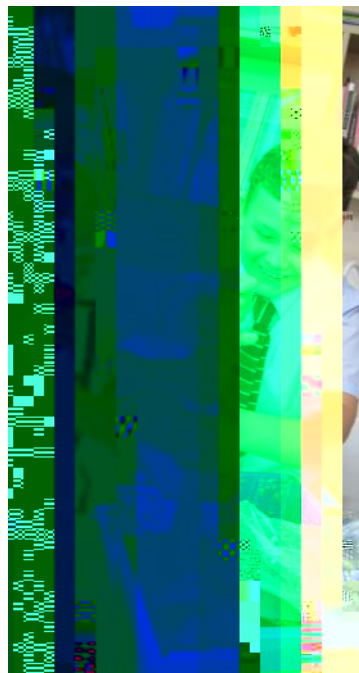

I like games, particularly playing hockey and am also looking forward to some fixtures.

I love music and playing all of the different musical instruments.

I like the art clubs with Mrs Shepherd. My favourite club is Art Attack.

I love games and my favourite lesson is rugby.

Lots going on in the STEAM subjects this week, with Year 4 learning about the digestive system, Year 3 making skeletons out of dog biscuits and Year 6 planting herbs and vegetables for their DT salad making project.

How to set up Fixtures Pro on your Smartphone

It's how to find details of sports fixtures and team line-ups for the Prep School. It is also very easy to set up on your Apple or Android device. Please follow these instructions.
